

AERO-OCEAN LOGISTICS

AERO-OCEAN LOGISTICS (PTY) LTD COMPANY PROFILE

1. ABOUT AERO-OCEAN

Aero-Ocean Logistics operates on a tailor-made customer requirements basis. We established the company in 2016 based on providing domestic and international freight services as part of the broader supply chain.

We have a dynamic team of logistics Professionals working around the clock to offer our customers the best service in the freight forwarding and logistics business. We aim to provide our customers with a clear, efficient and flexible execution achieved by simplifying the process chain. We insure our customers goals are met with utmost integrity and we support our customers in every step of the way, from consulting, concept developing, cost comparison method and project planning to the realization of all mutual set goals. All goods are commissioned for dispatch and are delivered on time as per the agreed KPIs.

We consider ourselves as an extension of our customers supply chain adhering to the cost effectiveness and radiality of our services provided to our customers. Aero-Oceans unique risk management measures which are hugely effective in protecting our customers' shipments/cargo and the fundamentals that are already driving our customers into new territory.

2. MISSION

Our aim is to be smart leaders in diversified supply chain and forwarding solutions by articulating the massive extra value of tailor making, each solution to meet each client's supply chain requirements.

We understand that each client is as unique as a fingerprint.

3. VISION

Our business philosophy is to develop a culture of continuous improvement in an ever-changing world to allow for a permanent adaption to the needs of each client.
